#LiveOnAndLearn
Looking ahead, Fall 2020 is right around the corner! More and more Huskies are choosing to live on-campus and enjoy the benefits of living on-campus, including:

- Participation in the Residential Learning Model, an educational initiative for resident students to grow and develop new skills as a result of living on-campus.
- Convenient access to campus resources.
- The ability to select from many housing options and amenities (all inclusive with the room rate).
- Opportunities to build important relationships with fellow students, staff members, and faculty.
