

Download Pages in Different Languages/Accessibility Formats

The Residential Life website has the ability to be viewed in different languages as well as Braille and Audio files.

Step 1: Navigate to the page you would like to download from the Residential Life website

Step 2: Click the button on the bottom left of the screen that has an A and a down arrow

The screenshot shows the UConn Residential Life website. At the top, there is a dark blue header with the UConn logo and 'UNIVERSITY OF CONNECTICUT'. Below this is a white navigation bar with the 'Residential Life' title, a search bar, and login buttons for 'MyHousing Login' and 'Roompack Login'. A secondary navigation bar contains links for 'Home', 'Future Residents', 'Current Residents', 'Living and Learning On Campus', 'Contact Information & Campus Resources', and 'Residential Life COVID-19'. The main content area features a large image of a campus courtyard, a video player with the hashtag #LiveOnAndLearn, and a section titled 'Live On and Learn at the University of Connecticut'. Below this is the 'Residential Life Mission Statement' and social media links. In the bottom left corner, a yellow button with a white 'A' and a downward-pointing arrow is highlighted with a yellow box, and a blue arrow points to it from the left.

Step 3: Select the alternative format you would like to download.

If translating, select the language you wish to have this page translated into, and it will be machine translated version of the document.

Step 4: Click “Download”. Please note that it may take several minutes for the page to download into the alternative format.

Unfortunately the ability to translate the entire website with one click is not currently available. This means that you will need to download any page that you would like to receive in an alternative format.

The Residential Life website is frequently updated and it is recommended that students refer to the live website as much as possible to ensure that they are reading the most up-to-date information. Each page no longer updates once downloaded into an alternative format, and information could be missed if a student only refers to the downloaded page for a process!
