Closing Information

Sheila Morgansmith, Associate Director of Residence Education and
Rachel Hartley, Housing Assignments Specialist

Residence Halls, Suites, and Northwood Apartments close Monday, May 9th at 12 noon. Students will have to leave at that time unless they have already been approved for summer housing. All students will be required to empty their room and take all of their belongings with them on or before May 9th. Instructions on how to properly check-out for the May closing will be sent to students via email in the coming weeks. Proper check-out and returning of their keys will help students avoid fees for things like lock changes.

Students who are living in Hilltop Apartments and Charter Oak Apartments may stay until Sunday, May 15. Additional instructions for residents in these areas will be sent during the month of April.

Information about closing will also be available on our website very soon - https://reslife.uconn.edu/closing-information/

Helpful Resources

As your student prepares for the end of the semester, please encourage them to visit our website for helpful instructions and tutorials on our housing processes.
